

American Welding Society – Boston Chapter Award

CWI OF THE YEAR 2015

The entire Keville team would like to congratulate Mike Fernandes on being named the 2015 CWI of the Year (Boston Section). Mike earned this award through the excellence and dedication he displayed, while inspecting the structural steel erection on the new “Providence Viaduct” in Providence RI. The RIDOT Engineers were very impressed by Mike’s professionalism and think very highly of Mike and appreciate his talents, knowledge and experience.

During the past year Mike has also supported the Keville Enterprises management team on the Keolis Commuter Rail Line Projects, further displaying his dedication to service in our industry. Mike has been inspecting the thermite welds being performed on the newly installed rail lines.
